Lease Portfolio Management

Customized to fit your needs

We customize our services to meet the needs of various types of businesses within the industry, including brokers, lessors, and funding sources.

Who We Are

ECS Financial Services is a full-service accounting firm, specializing in the equipment leasing industry, helping businesses like yours succeed since 1962. Our staff of CPAs and CLFPs (Certified Lease & Finance Professionals) can help your business manage and service its lease portfolio. We customize our services to meet the needs of various types of businesses within the industry, including brokers, lessors, and funding sources.

Years of Experience

As a firm with a strong presence in the equipment financing and leasing industry for over 25 years, ECS Financial Services has the expertise to assume responsibility for numerous aspects of your lease portfolio management, and we are able to customize our services to meet your specific needs. Our team of CPAs and CLFPs, supported by state-of-the-art technology, provides your company the ability to outsource

portfolio management and servicing at a fraction of the cost of managing these functions in house. This alleviates stress, and leaves your experienced staff to focus on other mission critical business functions.

Outsourcing Benefits

Outsourcing lease portfolio management provides the ability to call upon seasoned professionals without the cost of maintaining those professionals on a full-time basis. This provides the ability to garner assistance with many of the complicated reporting and compliance responsibilities of a lease portfolio, including sales and personal property tax research and compliance, and multi-state income tax preparation, all at a manageable cost.

Our Advantage

Additionally, our unique position as an accounting firm that specializes in equipment financing and leasing allows us to help you navigate the complex world of lease accounting. Whether your business requires independent accounting services, assistance with internal accounting responsibilities, or staff training on the intricacies of lease accounting, ECS can customize our services to meet your needs.

Lease Portfolio Management & Servicing

- State and local sales and use tax compliance
- Personal property tax compliance
- Accounts receivable, billing, and collections
- Month-end processing and report generation
- Book and tax depreciation tracking
- Specialized lease accounting assistance
- Multi-state income tax compliance

Call today to discuss how ECS can help support your lease portfolio management and servicing needs.
